Cosmetic Injections

NEUROTOXINS

'Tox' is an injectable muscle inhibitor that targets one of the underlying causes of the repeated muscle contractions from frowning and squinting over the years. There are a few different brand names of Tox, we prefer Dysport®, Jeuveau®, & Xeomin®. Our injector will inject these muscles to temporarily reduce muscle activity, and results can last for up to 4 months.

SCULPTRA® \$750/VIAL

An injectable that stimulates your own body's natural ability to form collagen and smooth and tighten the skin. Results are gradual and seen over time. Multiple vials are typically necessary.

VEIN BUSTER \$450

Sclerotherapy is a minimally invasive procedure to treat varicose and spider veins by injecting a solution into the affected veins, causing them to shrink & disappear.

PCDC starting at \$400

One until you're done! Dissolve your double chin, or other little problem areas a little at a time with a revolutionary fat dissolving injectable.

B12 INJECTION \$25

Vitamin B12 injections offer several benefits, including boosting energy, improving cognitive function, and enhancing immune system health. They can also help prevent anemia and improve overall well-being.

MicroNeedling

POTENZA® CYNOSURE LUTRONIC

The world's first RF microneedling machine that combines monopolar and bipolar radio-frequency at 1- or 2MHz in a single device, creating four unique RF modes. With a variety of tips, needle alignment options, and the ability to treat anywhere. This treatment is used to tighten the skin, increase collagen, improve scarring, texture, fine lines & stretch marks. Can treat jowls, crepey or loose neck skin, fine lines, wrinkles, sizable pores, scars, including acne scars.

Breast

- ASYMMETRY CORRECTION** starting at \$6,700
Aims to make breasts more even and balanced and improve body confidence, either through enlargement, reduction, or a breast lift.
- AUGMENTATION** starting at \$6,700
Enhances the size and shape of the breasts, typically using breast implants & aimed at improving breast fullness, symmetry, and overall appearance.
- AUGMENTATION W/MASTOPEXY** starting at \$9,600
A breast lift with implants.
- GYNECOMASTIA SURGERY** starting at \$8,400
Male breast reduction. A procedure to correct enlarged male breasts by removing excess tissue, fat, and sometimes skin. Can be covered by insurance.
- IMPLANT REMOVE & REVISE** starting at \$5,000
Involves replacing, removing, or reshaping breast implants, often due to complications or a desire for a different appearance. This procedure can range from simple implant replacement to more complex revisions involving scar tissue removal, tissue repositioning, or even fat transfer.
- RECONSTRUCTION** *Typically covered by insurance*
Rebuilds the shape and appearance of a breast after a mastectomy or lumpectomy, or due to congenital deformities, such as hypoplasia, constricted breasts, or tuberous breasts.
- REDUCTION** *Typically covered by insurance - starting cosmetically at \$9,000*
Reduces the size of the breasts, typically by removing excess breast tissue, fat, and skin. The areola will also be reduced and repositioned to compliment your new breast size.
- MASTOPEXY (LIFT)** starting at \$6,700
Reshapes and elevates sagging breasts. Involves removing excess skin, tightening the surrounding tissue, and repositioning the nipples and areolas to a more youthful and natural position.

Face/Head

- BLEPHAROPLASTY** starting at \$4,400
Eyelid surgery can improve your eyes if you look tired, sad, or older than you feel. Excess fat and skin can be removed from the upper eyelids and the bags under the eyes can be tightened. It may be done alone or in combination with other cosmetic procedures. The result is a more rested, alert and youthful appearance.
- CHIN IMPLANTS** starting at \$4,800
A weak or receding chin can make the lower face look out of balance. It can make a prominent, strong nose seem larger. A man with a receding chin may unfairly be perceived as less masculine. A prosthetic implant of hydroxyapatite or solid silicone can be placed through a submental or intraoral incision. Fat augmentation can also be performed.
- FOREHEAD LIFT** starting at \$6,200
A forehead lift relieves sagging eyebrows, softens creases across the forehead and erases the worried or angry expression that can result from frown lines. The outcome gives you a more relaxed, refreshed and youthful appearance.
- OTOPLASTY** starting at \$6,700
Otoplasty (ear pinning) is a procedure to flatten ears that protrude too far from the head.

The **ONLY** accurate way to determine your cost of surgical services is by setting up a consultation. Please call **701.530.8450**, so we can get you on the schedule!

Body

ABDOMINOPLASTYstarting at \$11,800

Removes excess skin and fat from the abdominal area and tightens the abdominal muscles. It aims to improve the contour of the abdomen, creating a flatter and more toned appearance.

BRACHIOPLASTYstarting at \$8,000

Improves the appearance of the upper arms by removing excess skin and fat, and tightening the underlying tissue. It's often sought by individuals with sagging or drooping upper arms due to weight loss, aging, or heredity.

FAT INJECTIONSstarting at \$5,700

Fat injection involves extracting fat cells from the patient's abdomen, thighs, buttocks or elsewhere and reinjecting them beneath facial, breast or body skin. Fat injection is a great option for people who are allergic to other filler products or who want a more permanent solution to treat their wrinkles and folds.

LABIAPLASTYstarting at \$5,500

A procedure that alters the appearance and/or size of the labia (inner or outer vaginal lips). It is typically performed to address both functional and aesthetic concerns.

LIPOSUCTIONstarting at \$3,500

Used to remove excess fat deposits from specific areas of the body, enhancing body shape and contour.

PANNICULECTOMYINSURANCE ONLY

Used to remove excess skin from below the bellybutton due to excessive weight-loss in order to increase mobility. Due to this being an insurance approved procedure, no liposuction or countouring takes place.

SKIN CANCER REMOVAL & SCAR MANAGEMENTINSURANCE ONLY

Removal of diagnosed or medically suspected skin cancer with precision, then reconstruct the area to minimize scarring and restore appearance.

THIGH LIFTstarting at \$8,000

Reshapes and contours the thighs by removing excess skin and fat. It's often sought by individuals who have lost a significant amount of weight and are left with loose, sagging skin on their thighs. Thigh lifts can improve the appearance of the thighs, making them smoother and more toned.
